

Memorandum

To: Chief Academic Officers and Provosts

From: Dr. Paula Compton, Associate Vice Chancellor, Ohio Articulation and Transfer Network

Date: May 7, 2020

Subject: Communication from the Natural Sciences OTM Faculty Panel and TAG Leads, along with the TAG Organic Chemistry Faculty Panel

Dear Provosts and Chief Academic Officers:

For the 2020 Fall Term, there will still be flexibility with the Ohio Transfer Module Laboratory requirement. Please see the attached memos for more specific information:

- Teaching of OTM Natural Sciences Laboratory Courses during Covid-19 Pandemic Memo from the OTM Natural Sciences Faculty Panel and the Natural Sciences Transfer Assurance Guide Faculty Panel Leads.
- Teaching of Organic Chemistry Laboratory Courses during Covid-19 Pandemic Memo from the State of Ohio Organic Chemistry Transfer Assurance Guide Faculty Panel.

We appreciate the work and support of the faculty on these important policy issues. A special thank you to Dr. Paul Sampson who provided leadership for these important discussions.

Please see that the appropriate individuals on your campus receive this information. Questions can be directed to me.

As always thank you so much and stay well
